IN THE MIDST OF DEATH WE ARE IN LIFE.

NEW AND MOST VALUABLE MEDICINES FOR RETENTIVE INTRACTABLE AND INCURABLE DISEASES.

UNLIKE the Patent Medicines generally imported from the United Kingdom, the following from France have been severely tested and scrutinised by the most eminent Government and private analytical chemists and practising physicians in Paris, &c., insomuch that the entire Parisian Faculty attached to the Government and other hospitals, &c., in the French dominions, on after vigorous trials, with the fullest confidence recommend them to the favourable notice of all languishing not only under ordinary diseases, but those who may be "hoping against hope".

No more Cod Liver Oil.—Syrup of Iodised Horseradish. Prepared by Grimault and Co., Chemists, 7, Rue de la Feuillade, Paris. According to the certificates of the physicians of the Paris hospitals, detailed in the prospectus, and with the approbation of several academies, this syrup is employed with the greatest success in place of cod liver oil, to which it is really superior. It cures diseases of the chest, scrofula, lymphatic disorders, green sickness, muscular wasting, and loss of appetite; it regenerates the constitution by purifying the blood, and is, in a word, the most powerful depurative known. It never fatigues the stomach and bowels like the iodide of potassium and the iodide of iron, and is administered with the greatest efficacy to young children subject to humours, or obstruction to the glands. Dr. Cazenave, of St. Louis Hospital, Paris, recommends it particularly in cutaneous diseases, conjointly with the pills, which bear his name.

No more Consumption.—Diseases of the chest. Syrup of hypophosphite of lime, manufactured by Grimault & Co., chemists, 7, Rue de la Feuillade, Paris. This new medicine, which is delicious to the palate, is a sovereign remedy for coughs, colds, irritation of the lungs; and is also an excellent remedy in cases of consumption. Under its influence the cough abates, nocturnal perspirations cease, and the patient rapidly recovers health and flesh.

No more Indigestion or Dyspepsy.—Elixir of Pepsine. Prepared by Grimault & Co., chemists, 7, Rue de la Feuillade, Paris. Pepsine is the gastric juice itself, or rather the active principle purified, which digests food in the stomach. When from various causes the supply of the digestive fluid is too small, the inevitable consequences are bad digestion, gastritis, gastralgia, inflammation of the mucous coats of the stomach and bowels, heartburn, anæmia, loss of strength; and in females, general derangement. The Elixir of Pepsine, which is sanctioned by the approbation of the Paris Academy of Medicine, speedily cures all such diseases, and prevents vomiting during pregnancy.

No more Poverty of the Blood and Pale Complexion.—Phosphate of Iron.—Dr. Lerou, Apothecary, Doctor of Science, 7, Rue de la Feuillade, Paris. This new ferruginous medicine contains the elements of the bones and blood, and iron in a liquid state. From observations made in the Paris Hospitals, and detailed in the prospectus, it is superior to ferruginous pills, iodate of iron reduced by hydrogen pills and syrup of the iodide of iron, and cures rapidly stomach complaints, painful digestion, poverty of the blood, loss of strength and appetite, and the diseases incident to females. It is the best adjunct to cod liver oil and the best preserver of health in tropical climates.

INTERNAL OR LOCAL NEW CURATIVE AGENT.
MATICO.
GRIMAULT & Co., PARIS.

THIS new remedy is prepared from the leaves of a Peruvian pepper shrub, called *Matico*, and cures PROMPTLY and INVARIABLY without any fear of inflammatory results. The great majority of Physicians in Paris, Russia, Germany, City of Philadelphia and New York, now use no other remedy. Full Directions accompany each Bottle and Packet; or an explanatory treatise will be sent post free for 0d.

IN THE MIDST OF DEATH WE ARE IN LIFE.

NEW AND MOST VALUABLE MEDICINES FOR HITHERTO INTRACTABLE AND INCURABLE DISEASES.

UNLIKE the Patent Medicines generally imported from the United Kingdom, the following from France have been severely tested and scrutinised by the most eminent Government and private analytical chemists and practising physicians in Paris, e.c., insomuch that the entire Parisian Faculty attached to the Government and other hospitals, &c., in the French dominions, can after vigorous trials, with the fullest confidence recommend them to the favourable notice of all languishing not only under ordinary disease, but those who may be "hoping against hope."

No more Cod Liver Oil.—Syrup of Iodized Horseradish. Prepared by Grimault and Co., Chemists, 7, Rue de la Feuillade, Paris. According to the certificates of the physicians of the Paris hospitals, detailed in the prospectus, and with the approbation of several academies, this syrup is employed with the greatest success in place of cod liver oil, to which it is really superior. It cures diseases of the chest, scrofula, lymphatic disorders, green sickness, muscular atony, and loss of appetite; it regenerates the constitution by purifying the blood, and is, in a word the most powerful depurative known. It never fatigues the stomach and bowels like the iodide of potassium and the iodide of iron, and is administered with the greatest efficacy to young children subject to humours, or obstruction to the glands. Dr. Cazenave, of St. Louis Hospital, Paris, recommends it particularly in cutaneous diseases, conjointly with the pills, which bear his name.

No more Consumption.—Diseases of the chest. Syrup of hypophosphite of lime, manufactured by Grimault & Co., chemists, 7, Rue de la Feuillade, Paris. This new medicine, which is delicious to the palate, is a sovereign remedy for coughs colds, irritation of the lungs; and is also an excellent remedy in cases of consumption. Under its influence the cough abates, nocturnal perspirations cease, and the patient rapidly recovers health and flesh.

No more Indigestion or Dyspepsy.—Elixir of Pepsine. Prepared by Grimault & Co., chemists, 7, Rue de la Feuillade, Paris. Pepsine is the gastric juice itself, or rather the active principle purified, which digests food in the stomach. When from various causes the supply of the digestive fluid is too small, the inevitable consequences are bad digestion, gastritis, gastralgia, inflammation of the mucous coats of the stomach and bowels, heartburn, anæmia, loss of strength and in females, general derangement. The Elixir of Pepsine, which is sanctioned by the approbation of the Paris Academy of Medicine, speedily cures all such diseases, and prevents vomiting during pregnancy.

No more Poverty of the Blood and Pale Complexion.—Phosphate of Iron.—Dr. Terrè, Aphothecary, Doctor of Science, 7 Rue de la Feuillade, Paris. This new ferruginous medicine contains the elements of the bones and blood, and iron, in a liquid state. From observations made in the Paris Hospitals, and detailed in the prospectus, it is superior to ferruginous pills, iodate of iron reduced by hydrogen pills and syrup of the iodide of iron, and cures rapidly stomach complaints, painful digestion, poverty of the blood, loss of strength and appetite, and the diseases incident thereto. It is the best adjunct to cod liver oil and the best preserver of health in tropical climates.

INTERNAL OR LOCAL NEW CURATIVE AGENT.
MATICO.
GRIMAULT & Co., PARIS.

THIS new remedy is prepared from the leaves of a Peruvian pepper shrub, called Matico, and cures promptly and radically without any fear of inflammatory results. The great majority of Physicians in Paris, Russia, Germany, and New York, now use no other remedy. Full Directions accompany each Bottle and Packet; or an explanatory treatise will be sent post free for 9d.

The Daily Press.

HONGKONG, AUGUST 26, 1865.

THE *Aden* arrived during the night having left Shanghai on the morning of the 21st inst. She has 1,666 bales China Silk and 1,348 bales Japan.

It will be seen from our reports, that the *Aden* encountered a typhoon on the way down.

There is no political news, nor is there any additional intelligence as to the progress of the Civil war in the North. A rumour prevails that the Nienfei have entirely evacuated the province of Shantung and have marched Westward into Honan. Another rumour is noticed that Sam-ko-lin-sin was not killed by the Nienfei but by some villagers who received him hospitably and then treacherously slew him.

Li, the Governor General of the Two Kiang, has issued a notification urgently calling for contributions to ameliorate the poor, who heavens will be driven to destitution by the late floods.

American Cotton seed appears to thrive at Shanghai.

The political news from Japan merely embraces the statement that Sir H. Parkes had notified his intention of occupying the legation at Yeddo as soon as possibly convenient.

In our correspondents' column will be found a letter from Mr. H. Robertson, lately pilot at Foochow, containing charges of a most serious nature against Mr. Acting Consul Hewlett, the representative of British interests at that port. No doubt Mr. Robertson is a poor man, and owing to the high tariff of law costs current here, will be debarred from obtaining justice. If his version of the case should turn out correct, we trust that there is sufficient patriotism and charity existing in this colony to raise the means to enable him to turn on his oppressor, and to obtain that satisfaction which the gravity of the case demands.

We will see to the affair after the departure of the mail.

A Scoreu paper which we have not seen, contains a capital epigrammatic anecdote relative to the ex-Lord Chancellor. The Chancellor and his son were at loggerheads about the conduct of the latter, when the simple hearted sire bitterly exclaimed, "I have been made a Peer, and my regret is that I shall be succeeded by the greatest blackguard in England." "After your Lordship" said the scape grace taking off his hat and making a very low bow.

We expect the Son will be sent to some responsible situation in the colonies, by way of punishment. He is sure to get preferment if the Palmerston Ministry remain in office.

We were in error yesterday in stating that one of the foreigners lately executed had clerical relatives in Macao, and that the Reverend gentlemen were the Padres who came here and made so much trouble. We should have said, the culprit had relatives in Macao, and that these induced the Padres to come. We beg the reverend gentlemen's pardon—we beg them to believe that we thought we wrote what we had been informed.

Will that confounded case never be clear of our columns? We learn now that one of the Jurymen was under twenty one years of age.

We have a few words more to say to the *Ta-sai-yang-kuo*. It is a very true saying that where the judgment is weak the prejudice is strong, and nothing can more strongly illustrate the adage than the absurd arguments of our contemporary. He has now impugned Lieut. Adams, the Commander of the gunboat who caught the pirates, and has made him as well as the Hongkong authorities *participeps criminis* in the murder of the five culprits. It is pretty clear that the Hongkong authorities have furnished the Governor of Macao with the full particulars of the case, and certainly even the garbled extracts given in the *Ta-sai-yang-kuo*, do contain the most damning evidence conceivable.

Supreme Court.

HONGKONG 25th *August*, 1865.

BEFORE THE HON. J. C. WHYTE, ESQ.

WEN CHACK HING AND OTHERS v. J. P. NEWBERRY. It appeared from the affidavits made in this case that the plaintiffs had chartered from the defendant the steamer *Prince Kung* for the term of 12 months at the rate of $2,000 per month to be paid in 24 half monthly instalments of $1,300 each. The first instalment of $1,300 was duly paid on the 2nd of June last, at which time the charter-party commenced, but since that time no other instalment had been paid, although up to the present time five instalments had become due. The plaintiffs alleging as the cause of non-payment that on the 13th of June the steamer had been detained by the defendant or their agents for three days to their prejudice and loss, and for that detention they claimed $2,000 which sum they wished to deduct from the amount of freight, or rather refusing to pay any further freight until that demand had been liquidated. Thus things continued until the 9th instant when the defendants served a notice upon the Captain of the *Prince Kung* that he was to take no more cargo on board on account of the plaintiffs as they had not complied with the terms of the charterparty. Defendant then resumed the use of the vessel and sent her on a voyage upon his own account. Upon her return she again took in cargo and passengers and was proceeding on a second voyage when just at the hour of sailing she was stopped by the plaintiffs who had obtained an injunction from the Judge of the Supreme Court.

Mr. Pollard now on the part of the defendant moved the court that the interim injunction be set aside.

The Acting Attorney General appeared in support of the injunction.

After hearing the arguments of Counsel on both sides at considerable length, His Lordship observed that he was sorry that he had been called upon to decide this case, but as it was so, he should after hearing the learned argument that had been adduced on both sides, not delay his decision in order to refer to all the cases that had been cited in support of either side of the case. He should decide it upon the broad principle that this Court would never uphold an injunction, but did not apply to this case as the plaintiff might have obtained redress by other means. Besides the Plaintiffs in applying for the injunction had not come into Court with clean handens by their own shewing a large amount of freight was owing by them to defendant. Taking into consideration all the circumstances of the case and the interests involved he should at once decide that the injunction be set aside each party paying their own costs.

Mr. Pollard applied for costs, but *His Lordship* remarked that as there had been no desire evinced on either side to meet the other halfway he should not grant costs.

During the hearing of this case a slight *contretemps* occurred owing to the Acting Attorney General complaining of an expression used by Mr. Pollard towards him as being discourteous. Mr. Pollard explained that he intended no discourtesy, adding that he was surprised to hear that the expression should be construed as offensive. The matter then dropped.

LETTERS TO THE EDITOR.

To the Editor of the "Daily Press."

FOOCHOW, *August* 15th, 1865.

MY DEAR SIR,—I trust you will give this a place in your widely circulated paper, and your opinion on its merits, on good English principles. As none of us residents in the far East appear to have any chance to make an honest living so long as our British officials act on the principle of forcing us to the conclusion, that the good laws of our land have been turned upside down and justice run mad. After the loss of the "*Chinfeng*" off Lantao last May, at the entrance of this river, the Merchants and British Consul, proposed for the better regulation of the pilots, to form a board. A Mr. Wild as Secretary, and Mr. Mead as Superintendant; the pilots, with the exception of a few good tried hands, consist of parties who know more about the Bunds of Shanghai, and the wharfs of San Francisco, California, than the river Min, and will act the sailor in all ways but turning out when they are called.

The next I shall mention is Mr. H. Robinson, an established pilot of this port for eleven or twelve years, and gained for himself that reputation he justly deserves, by being chosen to pilot all the best ships and steamers (including those of the P. & O. Co., and Jardine, Matheson & Co.

This said Mr. Robinson was notified by Mr. Wild to appear in Foochow, with a view to join the board, which, if appointed he refused to do, under a good plea that by so doing, he would lose the practice he had worked so hard for, and put himself on a par with men who would not start twice for a shoot while there had a shot in the locker, or pat out to sea if fifty Jacks were flying to pieces, so long as Sharp Peak kept them from the view of the directors.

Poor Robinson tore this notification into two or three pieces, enclosed it to Mr. Mead, and his next notice was a warrant, issued by the British Consul for his arrest, but he in a manly manner, appeared at the Consulate, where he was arrested by his constable, lodged in a small, ill ventilated prison, half refused for him, pens, ink, and paper denied him or communications with his friends but through iron gratings. He was tried, and sentenced to one Calendar month in Victors jail, his certificate taken from him for twelve months for contempt of court, or for tearing the self letter, which was without Consul's signature or seal.

This p——d man comes prisoner in the P. & O. Co.'s Steamer "*Azof*," to be put in durance vile within the portals of your prison. I hope yourself, and the good people of Hongkong will give him your customary consideration, and the dark clouds which now hover round, may throw their silvery rays on him soon.

I am, Dear Sir,
Yours truly,
TOM BOWLINE.

To the Editor of the "Daily Press."

SIR,—In the year 1851, in the month of June I arrived in Foochow, chief officer of a coasting vessel, which I left to become a pilot. After many hardships and difficulties I received my certificate of competency, in October 1855 to act as pilot for the river Min. In August 1856 I lost my pilot boat and have'y escaped with life in a Typhoon. In 1859 I also lost my boat and a narrow escape with life. In 1858 I was taken by the pirates and robbed of everything I had in the world. Each time I was forced to begin the world without a dollar in my pocket, or a single suit of clothes, but what I was in debt for with the assistance of a good friend, I managed to build myself another boat, and by strictly attending to my business, I managed to pay for my boat, and clear myself of debt. In 1859 I was elected by the Pilots and appointed Superintendent where after 14 months some of the pilots left Foochow and we broke the employ up by mutual consent. In 1861 I was again elected by the pilots Superintendent; this time it was broken up by the interference of Peoples whose interests it would have been for the company to exist, but there was so many conflicting interests it was impossible for it to stand. Through this I had some words with Mr. A. R. Hewlet, H. B. M. Acting Consul for this port, for by his non-interference in my behalf, I lost a considerable amount of money as well as

PENINSULAR & ORIENTAL STEAM NAVIGATION COMPANY.

NOTICE OF REDUCTION OF PASSAGE MONEY.

IN the year 1857 the Directors made a considerable reduction in the Company's rates of Passage Money, which continued in force till 1861.

In that year, owing to the extraordinary rise in the Cost and Freight of Coals, and the enhanced price of all descriptions of Naval Stores, the Directors were reluctantly compelled to return to the rates of Passage Money previously in force. They are now happy to state that a decrease in the price of Coal and other expenses of Steam Navigation enables them to reduce the Company's Passage rates to the undermoted scale, which will take effect from and after the 1st June next, viz:

From Hongkong to—

Suez	$100
Malta	510
Marseilles	530
Gibraltar	530
Southampton	550

Reserved Rates for Single Persons.

Suez	$929
Malta	1,020
Marseilles	1,060
Gibraltar	1,060
Southampton	1,100

Reserved Rates for Married Couples.

Suez	$1,160
Malta	1,260
Gibraltar	1,348
Marseilles	1,348
Southampton	1,388

The charges for Children are in proportion to the above.

The above rates are exclusive of the amount payable to the Egyptian Transit Administration for conveyance of Passengers through Egypt, viz:—

For First-class Passengers,	$32
Children above three and under ten years, half-fare.	

By Order of the Managing Directors,

THOS. SUTHERLAND,

ST. SAVIOURS SCHOOLS,

IT is most respectfully intimated to Parents and Guardians, that the New Schools lately erected in Pottinger Street corner of Wellington Street, in a style suitable to the wants of the climate and managed with a view of meeting the peculiar want of this Commercial Colony, are now in full operation.

The system of tuition adopted in these Schools is purely Commercial, Arithmetic, Book-keeping, Geometry, Geography, History, Grammar, Composition, Foreign Languages, Music, and Drawing, are taught by excellent resident Masters. No objection is made to the admission of any Pupil on the score of religion nor will the religious feelings of any pupil be tampered with.

A suite of large Airy Rooms, has been opened in the same Schools for the reception of Boarder Pupils. To Boys leaving home for the first time, the change will be made as easy as can be by the kindness which shall be shown them and by the exclusion of everything materially coercive.

Further particulars may be known by applying to the Principal J. BORAZZA, who earnestly desires that communications be made before any boarder pupil is sent to the Scools.
